STORY HEADLINE - ENHANCING DIGITAL LITERACY AMONG SFM YOUTHS

SFM is committed to achieve the remits of SDG 10 (Reduced Inequalities) among youths and smallholder farmers in the rural areas. This is essential to prepare them to participate in digital financial inclusion and to achieve their full potential in the digital economy. Experience during the period of the CBN's cashless policy in Nov 2022/March 2023 has shown that youths and farmers in the rural communities are ill equipped to use technology for trade transaction, networking, fact findings, fact checking, advertisement and communication. To address this, SFM is embarking on a digital literacy programme for them in 2024. SFM will build a digital literacy hub to facilitate training, online networking and co-creation activities with their peers across Nigeria and overseas. You can support this project through donation or by volunteering your skills. In this Newsletter Edition, you will read testimonies from some of the SFM Youths about their aspirations; you will read reflections from SFC farmers; you will also read about SFA's strategic plans in 2024 and the fundraising for computers and DILAC. Please pray for SFM's projects as you read these, especially for God's enabling power to touch and transform the lives of many people.

Donation to SFM via www.shepherdsfood.org.uk

SFM SCHOLARSHIP AND ACTIVITIES FOR YOUTHS

SFM Youths are young people from disadvantaged backgrounds who are on scholarship to stay in Education and continue to acquire qualifications to engage in gainful employment and achieve their potential. There are SFM Youths in Kuta, Ado Ekiti and Ibadan. They are 35 in number and their age ranges from 7 years to 17 years old. The highest number of them, i.e. 27 pupils, are based in Kuta. SFM initiated a monthly meeting to bring them together to share ideas, co-learn, show compassion and to talk about issues of interest to them.

The meeting is coordinated by Mrs. OYEDEJI, who is SFM's Scholarship Coordinator. The meeting is attended by Mr Dayo Adegbosin, the Ajiroba of Kuta Kingdom, who represents HRH Oba Olowu of Kuta. While Samuel Adeyemi, SFA Data Management Officer, represented SFM. SFM president and wife usually attend the meeting via Zoom.

A few activities have been planned for each meeting to enhance entrepreneurial skills including making Personal Hygiene; Pop Corn/puff-puff / bounce; Decoration; Cake; Tailoring; Milk (powder / liquid); Tie & dye; Continental food (shamawa, etc.); Digital literacy; Cream making; Photography; Soap making; Musical instruments; Detergent and Film making/Acting. These activities are led by an expert trainer.

The talk on personal hygiene revolves around general selfcare, toilets, bathrooms and kitchens etiquettes, regular washing of cloths and cutting of fingernails and balanced diet. During the discussion, it was noticed that there is pad poverty among the young girls who have started their menstruation. SFM has decided to buy some boxes of pads to meet this need.

SHEPHERD FOOD MINISTRY YOUTH TESTIMONIES 2023

AFOLABI ABIBAT TESTIMONY

My name is AFOLABI ABIBAT, I am 17 years Old, I am dark in complexion. I am love and fun to be with. My best friend is ALIMOH. My favorite food is rice and beans with plantain. I attend Kuta Community High School Kuta. I am in S.S.S1. The subject I like the most is English language. My Hobby is singing.

The name of my parents are Mr. and Mrs. AFOLABI. Things are very difficult for my parents but thank God for SFM who came at the right time to rescue us. I want to become a Nurse in the future because saving life is my number one priority. That's why I focus on my studies.

I want to use this medium to appreciate SFM for their impact in my life, over my Education and many more. We always look forward to Christmas season in my family because it's always a joyous moment through SFM's food donation. May the good God bless SFM for us. Amen.

ARIBISASI ESTHER TESTIMONY

My Name is Aribisala Oluwafunmilayo Esther, a 17-year-old lady hailing from Ekiti State, I'm Currently a 200-level Nursing Science Student at Ekiti State University, on a Mission to make a mark in the world of healthcare. My unwavering faith as a Christian drives me to excel not only academically but also in my personal endeavors.

I possess a dual talent - the ability to sing with passion and to express myself through writing. My songbird qualities resonate with my love for music, while my writing prowess allows me to articulate my thoughts effectively. I aspire to be a successful nurse, aiming to make a lasting impact and become a role model for all, regardless of gender, nationality, age or religion.

I am immensely grateful for the support I've received, particularly from Shepherd Food Ministry (SFM), which has opened doors and provided valuable opportunities for me. With my dedication, faith, talents, and dreams, I am poised to achieve my goals and inspire countless others on my journey.

ADEGBOSIN OBATADE TESTIMONY

ADEGBOSIN TESTIMONY OBATADE is my name. I am 11 years of age. I am in JSS 1. I am dark in complexion, a native of Osun State, Kuta, Oba Itanla Compound, Ayediire Local Government.

My favourite food is jollof rice with dried fish. My best friend is Samson Akorede Samuel. My best subject is English Studies. My hobby is drumming and my best color is orange. My parents are Mr. and Mrs. ADEGBOSIN.

I want to study law so that I can become a great Senior Advocate of Nigeria (SAN) in the future. I am very grateful for the support I have received from SFM, which has opened doors and provided valuable opportunities for me. I pray that Lord will continue to provide and be with them (AMEN). I appreciate the provisions provided to us every Xmas. May God provide for all your needs in Jesus' name.

ABOSEDE ADEKALE TESTIMONY

My name is **ABOSEDE ADEKALE**. I am sixteen years old. I was born and brought up in Kuta. The name of my school is **AFRICAN CHURCH GRAMMAR SCHOOL** and I am in **SSS 2**.

The name of my parents are Mr. and Mrs. **ADEKALE**, I lost my father in the year 2011. Since then life has been difficult for my mother and all her children but thank God who sent Shepherd Food Ministry to make life better for us by paying my school fees and also taking care of all the expenses pertaining to my life. I want to say a very big thank you to SFM.

I want to become a singer (Musician) in the future. I love to be a celebrity and to be famous. Wow! Its December again, you know why? Because SFM always gives me and my family lots of provisions and gifts for Christmas. Thank you, Shepherd Food Ministry.

ADEPOJU ADEOLA TESTIMONY

My name is ADEPOJU ADEOLA. I am 12 years old. The name of my school is KUTA COMMUNITY HIGH SCHOOL. I am in SSS2. The name of my parents are Mr. and Mrs. ADEPOJU. My father was of blessed memory. My best food is yam and eggs. I am a Christian.

I want to become an ACCOUNTANT in future. By God's grace, I've been trying my possible best to pursue my goal. I also wish to become a role model to others.

I am grateful for the support I've been receiving from Shepherd Food Ministry since my primary school days till this moment. God uses SFM to pay my school fees and to take care of all my needs. I pray may God send helpers to all their families. Amen. I will never forget SFM's food donation to the less privileged during the festive Christmas period. It always changes the mood of my family to paradise. Thank you SFM.

OYELEKE OLUWASEUN TESTIMONY

My name is OYELEKE OLUWASEUN. I am dark in complexion. My best food is rice and beans. I am 17 years of age. I am in SSS2, and my best subject is Chemistry and Biology. The name of my school is African Church Grammar School Kuta, Ileogbo.

The name of my parents are Mr. and Mrs. Oyeleke. I don't have a father anymore because he passed away in 2010. Since then, things changed from good to worse. We could not afford to feed. It was really sad not having a father who will do his possible best to care for his family, but thank God for sending Shepherd food ministry to my family.

I want to be a MEDICAL DOCTOR in future. I have promised myself to always save lives and to always help people when they need help medically. I want to appreciate God in the lives of SFM.

ADEPOJU ADENIKE TESTIMONY

My name is ADEPOJU ADENIKE. I am 14 years old and I am in SSS2. The name of my school is KUTA COMMUNITY HIGH SCHOOL KUTA. I am dark in complexion, and my best food is jollof rice, bread and tea.

The name of my parents are Mr. and Mrs. ADEPOJU. I lost my father. My mother is the only one taking care of me and my younger ones.

I want to be a Nurse in future. I believe there's nothing too much for God to do. I want to thank God in the life of SFM who takes care of the less privileged. God will always take good care of you and your family.

DEBORAH OLOGUNDE TESTIMONY

My name is DEBORAH OLOGUNDE. I am 15 years old. I am dark in complexion. The name of my school is KUTA COMMUNITY HIGH SCHOOL. I am in SSS1 Science, and the name of my best friend is ADELEKE BOSEDE.

The name of parents are MR. AND MRS. OLOGUNDE. My father died in the year 2010, after which my mother tried all her efforts to take care of me, in the process SHEPHERD FOOD MINISTRY adopted me as their child.

I want to use this medium to thank SFM for taking care of me by paying my school fees and also taking care of my needs. I also want to thank SFM for the provision they always give me as Christmas gift which makes Christmas fun for me and my family.

CHRISTMAS HAMPERS FOR SFM YOUTHS

SFM SFM distributes Christmas hampers to SFM Youths during the festive period to alleviate hunger due to hikes in food prices and put smiles on their faces. SFM Youths in Kuta said they always look forward to this period because the hamper includes food items that they rarely eat including eggs, indomie, rice, fizzy drinks.

APPRECIATION TO SFM YOUTHS' SPONSORS AND SFM DONORS

SF^M appreciates donors who sponsor SFM Youths. Your support enables SFM to meet its obligations to pay school fees and buy school materials for these young people. Many of them would have been out of school, thanks to you. From their testimonies, you would have read that they have high ambitions and have the drive to be successful. For those interested in becoming a donor, it takes £50 per year to sponsor a child. Please email admin@shepherdsfood.org.uk to express your interest.

SFM also appreciates donors who have been supporting SFM's training project for smallholder farmers to reduce postharvest loss and to enhance their livelihoods. These farmers now have access to SFM cassava processing facility and maize cribs/sheller to add value to their farm produce. Farmers do not need to sell their cassava at a loss because they can process it into Gari (flakes) which can be kept for a few years if there is a market glut. They can also use preservation bags to store their maize for longer. SFM is now expanding its demonstration farm to include cash crops i.e. palm tree plantation and palm oil processing. The women farmers are particular interested in palm oil processing which they have been doing using the traditional method. However, SFM intends to mechanise the process to increase productivity. SFM will also demonstrate to farmers best farming practices in vegetable farming and preservation. We would like to thank all our donors for your continuing support. Please email SFM if you are interested in becoming a regular donor.

SHEPHERD FARMERS COOPERATIVE'S AGM AND REFLECTIONS

The members of Shepherd Farmers Cooperative (SFC) held their annual general meeting on 23 December, 2023. It was a great occasion for them to gather, celebrate and reflect on their achievements in the year. The meeting was preceded by health advice and blood pressure check. Two nurses, Mrs Ogunyemi and Dr (Mrs) Obe spoke about the need to pay attention to their oral hygiene and general health. The SFC chairman, the Baale of Obielu, welcomed members to the AGM and encouraged them to attend the monthly meeting regularly and participate fully in the activities of the Coop.

DR. TAIWO BLESSING OLAYINKA, RUNNING A MEDICAL CHECK UP FOR SFC MEMBER

MIS. BLESSING OLAYINKA, DIAGNOSING SFC MEMBER

The SFC Secretary, Talibi Salami, gave a recap of the activities including the increase in the amount that members can take in microfinance; the visitation of the Welfare committees to members who have been absent or sick; and the support from SFM in terms of grant towards the microfinance. A guest speaker, Dr Taiwo, spoke to them about the benefits of Coop and encouraged them to always fulfill their obligations. The Director of SFA, Alhaji Akeem, spoke about access to training provided by SFA to members through invited resource persons and best farming practice demonstrated on SFM farm.

He encouraged them to use the cassava processing facility to preserve their farm produce. SFC President, Prof. Ola Ogunyemi, spoke about the need to prioritize planning and regular savings to ensure high productivity. He said SFM will always network on their behalf, especially with the government to repair the roads from the farm to the city. Members discussed and approved new guidelines regarding membership and failure to refund loans. The meeting ended with food.

SFC MEN MEMBERS

SFC WOMEN MEMBERS

REFLECTIONS BY SFC MEMBERS

My name is Jemilu. I have been the SFM farm coordinator since June, 2023 under the management of SFA.

I want to give God all glory for the success of what we planted that came out good.

I am also looking forward for next year planting, I pray God give us good weather (raining season).

But before this, all the farm executives will have to decide on what to plant and how to go about it.

The government needs to encourage farmers because we are the one feeding the nations.

My name is Kamoli Ayinla, from Laitan Village.

I am SFC member. I was one of those who received a loan this year 2023.

As I have it in mind as my plan for 2024 to start dry season planting on my farmland at the base of river.

I want to plead with the Coop and SFA to support me with fertilizers in order to execute my plans.

I also want to thank SFM for their usual support.

My name is Isiaka Adisa. I am SFC Member. I did not collect a loan this year.

My plan for 2024 is to plant on all the farmland I own. I want to plant various crops and I hope SFC can support me on this plan.

I want to plead with the Coop and SFA to support me with fertilizers and loan.

I want to say big thank you to SFM and SFA for their support.

SFA'S STRATEGIC PLANS IN 2024

Shepherd Farmers Academy (SFA) is a subsidiary of SFM. It was registered with the CAC in 2020 and has its own structure managed by the Directors. Its purpose is to organise training for farmers by involving resource persons with expertise in farming and agro-allied area to empower small holder farmers in the Shepherd Farmers Coop with the skills and knowledge to engage in agribusiness. SFA also manages SFM resources ie land, tractors, maize cribs, maize shellers, borehole, farmhouse and generators, to ensure their efficient use for the benefit of the farmers and to develop SFM's 103-acre farmland into a viable agribusiness.

SFA's achievements since 2021 include organising training for farmers on high yielding maize seeds, palm tree plantation, cassava plantation and processing, preservation methods for maize, tractors and fertilizer usage. As a result, SFC farmers do not have to sell their cassava and maize at a loss because they can be preserved for longer with added value to get a higher price.

SFA has a bigger vision for 2024 onwards. It intends to support the farmers to engage in permaculture. SFA will demonstrate this by venturing into the plantation of a variety of food crops including maize, cassava, Mtout and Sugar snap, Fine Beans, Ginger, and Spring Onions. SFA will also start snail farming and goat rearing. It will plant 1000 palm trees to add to a similar quantity planted in 2022. When matured, the palm kernels harvested will be made available to SFC women farmers to produce palm oil which will earn them additional income.

DONATION TO SHEPHERD EMPOWERMENT COOPERATIVE, INISHA

SFM in partnership with the Anglican Church, Inisha, Osun State, set up a cooperative called Shepherd Empowerment Multipurpose Cooperative Society on 20 April 2021 for widows and single parents. SFM gave a grant to the Coop for microfinance and over 90 members have benefitted from it. The Coop is coordinated by the vicar, Venerable Williams Sunday Ojelade. The Christmas donation was given on 19 December 2023, and over 100 received it. Venerable Ojelade reiterated the benefits of the Coop including promoting peace among members; financial independence; freedom to request for loans without molestation; providing an alternative to high street loans which come with a high interest; and making them proud to belong to a Coop that seeks their common good.

DONATION VIA MOST EXCELLENCY SUMMIT, IBADAN

SFM has partnered with the Most Excellency Summit (MES) since 2020 because our objectives align. MES is a private, voluntary, non-profit, faith-based NGO focused on easing the burdens of existence for widows and orphans, and less privilege women. The non-governmental organisation based in Ibadan, Oyo state, Nigeria. A journey which started on the 23rd of September, 2017 with 10 widows has amalgamated into a network of almost hundred widows and orphans today. Since its inception, the MES has directly impacted the lives of more than 300 widows through food supply to sustain them for a period of time. The Most Excellency Summit (MES) Founder is the ever beautiful and modest Shola Ibitayo Igein.

The beneficiaries of the donation are widows, orphans, and the less privileged. The total population in attendance was 132, consisting of 30 children and 102 women. The women are petty traders of various trades. Food donations make a significant difference in their lives. The food donations can only last two weeks, after which most of them will be hungry. These food donations are extremely important to them, but financial assistance to empower and boost their businesses would be extremely beneficial.

We started the donation activities by registering all the widows in attendance. We collected information on their socio- economic and socio-demographic status. We gave the widows and less privileged a tally number card each so as to make the distribution of items easy and orderly. The opening prayer was conducted by Shola Ibitayo Igein.

This was followed by the processional hymn and praise and worship by a worship minister and a member of the praise team. A drama was rendered by the drama team to urge the widows to be closer to God. The Christmas thanksgiving praise was conducted by the worship minister. After the praise, food was served to the little children and widows. With the help of the welfare team through the calling of tally number, the distribution of food items and clothes was smooth. Each person had the chance to get the food items and to choose any cloth of their choice. The widows and less privileged were happy and grateful for the program. The program was a success because it was in line with the stated goals and objectives.

MES would like to extend gratitude to the Shepherd Food Ministry. Since our collaboration three years ago, there has been notable progress in programme implementation due to the financial support received. This support has enabled us to extend assistance to a larger number of individuals, positively impacting more lives.

The organizer envisions an empowerment programme that extends beyond short-term aid, aiming to equip participants with the skills and resources necessary for sustained self-reliance. Instead of focusing on selecting a limited number of individuals for empowerment, the proposal emphasizes a comprehensive approach that caters to the collective needs of all beneficiaries. This envisioned programme would encompass skill development workshops, vocational training, and access to entrepreneurial resources. By fostering a supportive environment that encourages self-sufficiency, the programme seeks to empower these women to not only meet their immediate needs, but also to build a foundation for long-term economic independence.

In addition to financial support, the organizer emphasizes the importance of mentorship and guidance. Establishing mentorship programme where experienced individuals can share their insights and experiences with the participants can contribute significantly to their personal and professional development. This holistic approach aims to create a lasting impact, ensuring that the beneficiaries are not just recipients of aid but active contributors to their own success.

A PICTURE GALLERY OF THE DONATION

DONATION TO WOMEN AND CHILDREN VIA ANGLICAN CHURCH, DADA AND ABA NLA

SFM gave Christmas donation to women and children from disadvantaged backgrounds in two villages near Ibadan. The villages in Dada and Aba Nla are associated by the ministration of one energetic and compassionate vicar from the Anglican Church, Rev Segun Agunbiade.

The Christmas donation was given on 24 December 2023 with a visitation by Father Xmas. The letter of appreciation from the vicar reads: "without your support, these great things will be unachievable. Thanks for being a vessel of blessings to over 200 souls in both Villages. The Christmas Show was a huge success. We are indeed grateful. The breakdown of the recipients are 100 children in Dada village and 40 children in Aba Nla village including 60 women beneficiaries. It was in Dada village that SFM discovered a case of malnutrition among young children which was documented in our previous Newsletter. Thanks to generous donations from SFM partners, two of the children with acute cases have been receiving treatment at the University Teaching Hospital (UCH), Ibadan.

DONATION TO WOMEN AND CHILDREN VIA KINGDOM OF GOD MISSION

SFM partnered with the Kingdom of God Mission (KGM), Lagos, to give Christmas donation to women and young people from disadvantaged backgrounds. KGM is a church that tries to meet the spiritual and physical needs of its members.

K.G.M/S.F.M. REPORT ON 2023 DONATION

Calvary greetings to you in the name of our Lord Jesus Christ. We the member of KINGDOM OF GOD MISSION, Christ Anointed Chapel Wish to appreciate you for your spiritual, physical, financial and moral Support during our "Year 2023, End of year Donation".

On Thursday 28th December 2023, we reached out to forty families. Among those benefited are Widows, Single parent, vulnerable & the Clergy. We recognise and appreciate your usual support in this hard time, which make it to be success.

Some of our beneficiaries historical reports are:-

1) Sister Aderonke Akorede

Age:- 45 yrs

Occupation:- Small Scale Business

Brief History:- She is a single parent with just one Child. Shop demolished, no husband, no helper and no work presently.

On Donation:- Personally I am so happy for the organizer of this donation it came at the right time God bless you all.

Area of Need:- Financial support to start all over.

Appreciation:- Goes to the Donors most especially K.G.M & S.F.M. God bless your ministry. Amen.

2) MR. Tolani Odufowora

Age:- 49yrs old

Occupation:- Food seller/Poultry farmer

Brief History:- He is a single parent, abandoned by wife with three kids & aged mother. Also need to get an accommodation.

On Donation:- This is good thing. I love the spirit behind this gesture. At this present hardship in Nigeria. God bless SFM.

Area of Need:- Need to start all over again.

Appreciation:- I thank the giver of this food stuffs S.F.M. & K.G.M. More grace in Jesus name .

3) MRS. SALAKO

Age:- 46yrs old

Occupation:- Selling Provisions

Brief History:- From Republic of Togo. Abandoned by husband with four children. No help from family nor anybody.

On Donation:- It's a good thing to be loved, even remembered at this festive period when one finds it difficult I am glad to benefit from this. God bless.

Area of Need:- Financial backup on business.

Appreciation:- To the Donors, most especially K.G.M & S.F.M. May God expand your ministry.

4) MADAM MARY VICTOR

Age:- 72yrs old

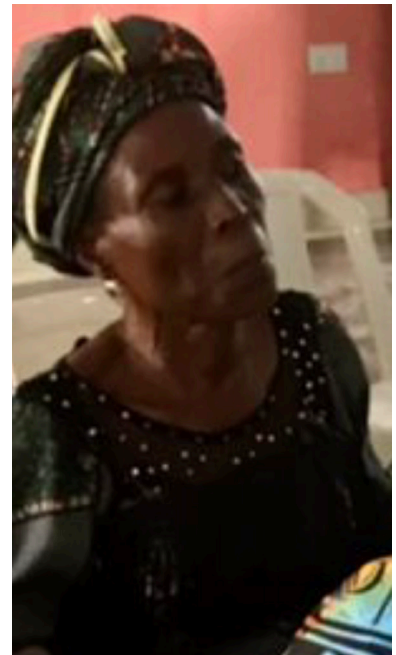

Occupation:- Petty Trader

Brief History:- She is from Togo Republic. A widow of over 30 years. Things are seriously hard in Nigeria. Has four children. No help since Covid-19' business has run down. No support from anyone.

On Donation:- It is good at this period of hardship, food cost too expensive, when one find it difficult to eat even a meal per day. So it came at the right time God bless you all. Pls. Keep it up.

Area of Need:- Finance to boost my work.

Appreciation:- Goes to the Donors most especially K.G.M & S.F.M. God bless your ministry. Amen. Thank you very much.

Just to mention but a few.

Once again we say thank you to SHEPHERD FOOD MINISTRIES and God bless you more abundantly. Amen.

Yours Faithfully,

Joseph Olalekan OLUWAYEMI

Pastor in charge 08065347342

APPEAL FOR SUPPORT TO BUY LAPTOPS AND BUILD DIGITAL LITERACY HUB

SFM aims to build a Digital Literacy and Cultural Centre (DILAC) to enhance digital literacy among youths and farmers in the rural communities. While the Nigerian government is focused on reducing digital inequalities in big cities, many young and old people in the rural areas do not know how to use technology properly and are in danger of being left behind. The computer cabinet below holds 30 laptops, please help us fill the cabinet by, donating £100 for a laptop.

Presently, the SFC farmers are unable to engage in financial inclusion because they lack the skills to use computers and smartphones to make financial transactions, fact findings about latest farming practices, networking and connect with buyers. Digital literacy will help them to take advantage of opportunities, achieve their potentials and contribute to socio-economic development.

Digital Literacy Hub is a purposely build hall equipped with computers and iPads for training. SFM has received a donation of eight computers from a member of SFM-USA. We are appealing for donation of more computers, iPads and smartphones. The Hub will also enable young people in the rural areas to befriend and connect with their counterparts in other parts of Nigeria and overseas. They will be opportunities for young people to co-learn and visit by staying on the chalet around the Hub.

We have reconsidered the design of the Hub from the one published in the last edition to a Safari Style design in order to blend with the environment. We will publish the new design in the next edition of the Newsletter.

SFM would like to thank 15 donors who have pledged £1000 towards the construction of DILAC. You can partner with SFM by emailing us about your pledge via admin@shepherdsfood.org.uk

COMPUTER TRAINING SESSION

A PLUGIN MOBILE COMPUTER CABINET

APPRENTICESHIP IN CROP AND ANIMAL FARMING

SFM offers 10 months residential apprenticeship in crop and animal farming for young people who have a passion for practical farming on its 103 acres farmland in Kuta. The beneficiary must have a sponsor and have access to land they can use after their apprenticeship.

The sponsor will apply on the beneficiary's behalf and pay a fee of #800k per month. In return, the beneficiary will have a residential place for the duration of the apprenticeship, get a monthly stipend, mentored by experienced agriculture tutors and local farmers; combine indigenous and modern knowledge; engage in agribusiness; get regular feedback; and get a seed grant on successful completion of the programme. For more information, please email shepherdfarmers@gmail.com

HOW TO GET INVOLVED IN SFM PROJECTS

Donate towards micro finance for widows; Become a partner to build the digital literacy hub; Sponsor a pupil in the scholarship scheme; Offer your skills.
